**DURING THE TIME SLOTS IN COLOR GRAY, SCHOOL TEACHERS ARE IN CHARGE OF THE GROUP**

## **Brief explanation of activities**

**Introduction to the topic:** The students are going to be introduced to Sherlock Holmes. They are going to learn about different things that make a good detective and at the same time learn about English traditions and culture.

**Create your own detective school:** The students are going to create their own detective schools, they need to create the rules, a coat of arms, subjects, a motto, etc. and they are going to draw their final product on a large piece of paper and then they will present their school to the rest of the students (in English!).

**Cluedo Mystery Game:** There has been a murder! The students will be given clues; they must challenge and play other students to see their clues to find out who is the murderer!

**Team building activities:** These are activities that involve group participation! The students must work together to complete a number of different fun but possibly challenging activities that have been adapted to the topic of the camp.

**Night Game.- Detective Memory Game:** In this game the students are going to have to use their detective skills as well as their memory skills! Playing outside with flashlights will add to the excitement of the game.

**Trekking:** The students will go and explore the surrounding areas, play games, sing songs, interacting and speaking in English with the monitors.

**Outdoor Games:** The students get to play some well-known and some unknown outdoor games, interacting with their friends and the English monitors.

**Detective Skills Workshop:** The students must learn to expand their mind as to be a good detective not only requires physical strength. They are going to practice their speaking skills.

**Make your own detective tools:** The students get the chance to learn to be real detectives. Using ink, magnifying glasses and other detective equipment they are going to learn essential skills on their way to become true detectives!

**Murder Mystery Disco:** The students are going to attend a party, but little do they know that it may not be the party they were expecting.....

**Discover London:** Big Ben, The London Eye and Buckingham Palace! The students must call upon their knowledge of London and its touristic attractions for this activity. They are going to search for the different attractions and complete different challenges at each one!

**Treasure Hunt:** A well-known activity but with an English twist!
